

MISSION NOW PROUDLY OFFERS QUALITY GENERAL INPATIENT (GIP) SERVICES FOR YOUR LOVED ONE

Personalized approach to care.

Unlike many skilled nursing centers, **Mission** is equipped with advanced technologies and specialized resources to care for high-acuity patients, as well as those with multiple illnesses, injuries, or rehabilitative issues.

Our caring staff provides General Inpatient Care to patients who may need skilled nursing and/or pain management services up to 24 hours a day. If your loved one requires around-the-clock care that exceeds your current level of caregiving, please contact us today.

We offer 24/7 RN Coverage!

SPECIALIZED CARE. ADVANCED RECOVERY. TOTAL WELLNESS.

PALLIATIVE CARE PROGRAM

Our **Palliative Care** program is patient centered focused on quality of life for the seriously ill and those with complex illnesses. The goal of our Palliative Care program is to provide relief of distressing symptoms (such as pain), address the patient's need for communication, decisions about treatment, and support for caregivers.

For additional questions or to schedule a personalize care plan please contact Admissions at 956.580.2100.

Unlike hospice care, Palliative Care can be delivered at the same time as life-prolonging disease treatment. Eligibility depends on need – not on prognosis.

We want the treatment plan to be aligned with you and your loved ones needs, wishes, and expectations to maximize comfort.

Our palliative care team will spend time talking and listening to you and your family. This will ensure we give you the best options to match your goals.
