

SPECIALIZED WOUND CARE BEGINS AT MISSION NURSING

Our Wound Care Program at **Mission Nursing** takes a personalized approach to wound care by providing the ideal combination of clinical services and support to help patients achieve maximum healing success.

Wound Care Program

Our Wound Care Program promotes pain management, healing and recovery. Each patient receives a customized wound treatment plan based on their clinical needs.

Services include:

- Certified by the organization for wound care nurses (OWCNAHP)
- Wound Care Physician Consultations
- In-house Skin Graphs
- Compression wrap therapy
- Registered dietitian consultations with Specialized Meal Plans
- Alternating/Low Air Loss Mattress System
- Negative Pressure Wound Therapy and portable negative pressure wound therapy (the PICO)
- Laboratory and diagnostic services
- Advanced Dressing Therapies
- Infusion therapy
- IV antibiotics
- Pain management specialist consultations
- Treatments available 7 days a week and multiple times per day.
- Pressure relieving devices available
- Chemical and mechanical debridements
- Post Surgery Monitoring and Management
